---

## Skills

HTML5, CSS3, Bootstrap, Bulma, JavaScript (ES6), React, Ruby, Ruby on Rails, SQL, RSpec, Capybara, Git, GitHub, Heroku.

## Education

### Microverse

**Certificate | August 2019 - present**

- 2000+ hours full-stack development training, while continuously developing real-world projects using HTML5, CSS3, JavaScript, React, Ruby, and Ruby on Rails.
- Coursework also includes algorithms, data structures, object-oriented programming principles, RSpec and Capybara testing, REST conventions.
- Developed remote pair-programming skills, while working with international developers, using GitHub and industry-standard git flows.

### Universidade Federal do Rio Grande do Sul

**Veterinary Medical degree | March 2011 - December 2017**

## Projects

**The Weather App | <https://weather-app-by-bruna.netlify.app/>**

- Developed a JavaScript application that uses the OpenWeather API to allow users to search for and view the forecast in cities worldwide.

**Capsule Wardrobe Catalogue | [https://github.com/bruna-genz/wardrobe\\_catalogue](https://github.com/bruna-genz/wardrobe_catalogue)**

- Created a Ruby on Rails application that allows users to catalog clothes and select them by categories.

## Professional Experience

**Veterinarian | Vitalvet, Porto Alegre, BR | August 2018 – March 2019**

- Helped to develop a new logging system that improved patients' records consultation.
- Organized lunch and learns to improve team knowledge sharing.
- Developed logical and research skills while diagnosing patients' health problems.

## Educational Accomplishments

- Achieved first-class honors standing throughout post-secondary studies.
